OCTOBER IS NATIONAL READING GROUP MONTH — CELEBRATING THE JOY OF SHARED READING

National Reading Group Month is an initiative of the **Women's National Book Association**
— *Connecting, educating, advocating, & leading since 1917.*

National Reading Group Month complements the Women's National Book Association's mission to promote the value of books and reading. Through this initiative the Association aims to foster the values reading groups encourage like discovery, camaraderie, recreation, and appreciation of literature and reading as channels for transmitting culture and enriching civic engagement through its Great Group Reads Selections.

The mission of National Reading Group Month is to:

- Increase public awareness of the joy and value of shared reading
- Provide a time for reading groups to celebrate their accomplishments and plan for the future
- Provide opportunities for individuals to join an existing reading group or start a new one
- Encourage libraries, bookstores, and organizations to host special reading group events

ABOUT NATIONAL READING GROUP MONTH GREAT GROUP READS

Great Group Reads 2019 Selections (20 total) are chosen on the basis of their appeal to reading groups for whom they are bound to open up lively conversations about a host of timely and provocative topics, from the intimate dynamics of family and personal relationships to major cultural and world issues. The Selection Committee also makes a conscious decision to focus its attention on under-represented titles from independent and university presses and lesser-known mid-list releases from larger houses. All are books with strong narratives peopled by fully realized characters. While many books have been missed by reviewers and reading groups overwhelmed by the sheer number of new releases each year.
